

Kinship Resource Meetings

Come and meet other grandparents and caregivers and share experiences while receiving assistance for needed services such as SNAP enrollment, health care enrollment and referrals for counseling, child care, anger management and other services. Hear experts speak on useful topics such as learning disabilities, childhood trauma, childhood burn prevention, the IEP process, cyber-bullying and much more. Receive support services such as diapers, clothing for children, strollers, car seats and more. Access important Court Navigator services to assist with the DCFS and court processes. Learn about the importance of setting goals and problem solving while being a kinship caregiver and do it with the support of others in the same situation.

For more information regarding our kinship meetings please call (818) 264-0880
